CULMINATION OF THE MUNICIPAL CAMPAIGN.

Corrupt Practices and Violent Measures of the Alden Faction.

Intense Excitement Among the People.

Special Dispatch to the Louisville Journal.

NASHVILLE, Sept. 25.

The carpet-bag ring are practicing many frauds in registration to carry the municipal election for Alden to-morrow. The Commissioner of Registration is Major John Hopkins, a shameless carpet-bagger. Several hundred young men who have reached manhood since the war, and took no part in it, are asked to be registered now. They were hacked by the radical City Attorney's opinion that they were entitled to certificates. Hopkins put them off with a paltry excuse, and soon after adjourned the registration until after the election.

Negroes employed by Alden, with money out of the city treasury, were marched into the office of registration in scores, and sworn collectively. Certificates were then furnished them. Those not known to be for Alden, whether white or black, Republican or Democrat, were denied a certificate, and their names were added at

least proper, or

and unable to elect Thorburn, independent Republican, because of heat raised by the Alden ring, and great increase of taxation.

The leading men advise that all the business houses be closed to-morrow, and every man in the city go up the street and work at the polls for Thorburn's election.

A committee of citizens, appointed some time since at a town meeting for that purpose, will publish in to-morrow morning a Republican Banner and other papers, and a series of the peculations on the city treasury.

Alden is using the Metropolitan Police to martial imported negroes in his interest, and to intimidate the citizens.

Yesterday, after the circus exhibition closed at McMinnville, Tennessee, Bill Smith, a negro, and Dolph Martin, a white man, got into a fight, both used pistol. Bill Smith was killed. Both radicals. Martin boasts that he is the only man in Warren county who voted for Lincoln.

A riot was brought on to-night, at half-past nine o'clock, by a number of negroes in the procession. Many of them were drunk, and they behaved in the most insulting manner by throwing torches in the faces of persons on the sidewalk. I saw a white man get out of the way without resisting. Not a white man was engaged in the fight. It was participated by throwing a torch in the face of a Thorburn negro—the same in

which was a threat.

VOLUME XXXVIII.

CINCINNATI.

Special Dispatch to the Louisville Journal.

CINCINNATI, Sept. 25.

Nicholas Kane, a freight conductor on the Cleveland and Columbus railroad, was run over at the Columbus depot this morning, and instantly killed.

Much feeling is manifested over an assault made upon the Democratic procession at Columbus on Wednesday night. The two parties have published a statement disowning and condemning the city to all offenders.

The Right Rev. G. A. Carroll, Bishop of the Diocese of Covington, Ky., died this morning.

TOLEDO.

Special Dispatch to the Louisville Journal.

TOLEDO, Sept. 25.

The fair may be considered over, the excitement now preventing further exhibition. A large crowd of people are still in the city, and many are wading through the mud to the grounds. The exhibitors are still here, and the fair is still open.

Veterans and everybody seen demoralized. 21,000 tickets were sold yesterday. The whole number sold is 55,711. Thousands of visitors were detained in the city in consequence of the rain. Taking all in all, the fair has been a success.

NEW YORK.

Charge of Swindling—Arrested for Forgery—Evidence to Police—Cigar—Bag—Billed Water Street—Revival of the Anti-Slavery Congress.

NEW YORK, Sept. 25.

The notorious Sophie Myers, recently exposed out of the police force, was again turned up in the Police Court. She was yesterday committed by the court to be held in custody to answer to charges of perjury, and was sentenced that they be referred to a grand jury.

Edward F. Creech and Charles Dorey were yesterday arrested on a charge of forgery. They are accused of having obtained from the Russell & Iren Manufacturing Company goods to the value of \$1,000, and then forged bills of exchange to cover the same. The two men were examined, and it was found that they obtained the goods in a like manner, with forged orders by Creech and Dorey. The two men were held in custody to answer to charges of having obtained the goods in a like manner, and defrauded the interests of the people, and it was found that they were both negroes.

The trial of the negroes is adjourned to the 15th of March, to give the defense time to prepare their defense.

SPECIAL COMMITTEE.

It is reported that the Czar will recall his Minister at Washington, for instructions to report to him a new policy to be pursued by the Empire.

SPAIN.

NEW YORK, Sept. 25.

The Monitor publishes the following: Gen. Far, commanding his forces to attack the rebels, has issued a general order to the effect that he will give the rebels a chance to lay down their arms to those two distinguished men by giving them a chance to lay down their arms on the 10th of next October.

PENNSYLVANIA.

Monitors—With Robert M. McNeill, Minister of War, Rained—Captured—of the Cavalry Parties.

PHILADELPHIA, Sept. 25.

The Times and Telegraph have articles this morning on the speech of Major General John F. Hartranft, and the capture of the rebels at the battle of Franklin. The rebels were captured at the battle of Franklin, and got into a number of cards. This occurred May 31, 1863. Wadsworth's antagonist, who was a young veteran, U. S. A. to France, was shot by a negro in the heart, and the public may care of it.

veil of mystery.
There were recently blood-red
heads in town.

An unknown number of negroes are

by the continued cold and wet weather.

Most of the hay now on the market
has been sold at 80 per cent.

Large numbers of negroes are

The State has yielded its last
